UVEX Arbeitsschutz GmbH.

EC Directive 89/686/EEC

EC Type-examination

Issue 6

PPE Product

- a) Uvex (logo) 5/6 - 9877 Hooded Coverall, constructed from a white breathable microporous film/nonwoven fabric laminate with a white SMS fabric back panel with sewn & bound seams (lime green binding); a front zip closure with flap with double sided tape; elasticated at the wrists, hood, waist & ankles and finger loops attached to wrists, which is available in five nominal sizes.
- b) Uvex (logo) 5/6 - 9883 Coverall with collar, constructed from a white breathable microporous film/nonwoven fabric laminate with a white SMS fabric back panel with sewn & bound seams (lime green binding); a front zip closure with flap with double sided tape; elasticated at the wrists, waist & ankles and finger loops attached to wrists, which is available in five nominal sizes.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements in the relevant harmonized standards:

EN ISO 13982-1:2004 + A1:2010 (Type 5: Limited life, full body protection against airborne solid particulates);

EN 13034:2005 + A1:2009 (Type 6: Limited life, full body chemical protective clothing offering limited protection against liquid chemicals);

EN 1149-5:2008 (Protective clothing - Electrostatic properties) for electrostatic dissipative protective clothing with a charge decay, half decay time, $t_{50} < 4$ s.

The manufacturer's information notice (Uvex 5/6, Version 26.03.2013), in English, has been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file reference: Comfort, issue 11
